

OUR COMMITMENT TO YOU

We're very excited to be open in Bristol and we wanted to assure you that we're doing everything we can to keep our guests, team and wider community safe.

You can read more about what we're doing, below.

We've carried out a full risk assessment and we're fortunate to be in possession of a lot of space across our two floors, to safely accommodate fewer tables and social distancing throughout.

We've adapted shift patterns to allow our team to return to work safely and they've been thoroughly trained in our new procedures.

All tables, chairs and booths are fully cleaned after use and any condiments are cleaned prior to use.

We ask you to book online if you can and arrive as close to your booked time as possible.

We encourage guests to make use of our online ordering system (disposable tick-box menus are also available) and each party will be allocated a supporting table to limit contact.

Please help us keep everyone safe by making use of our hand gel and keeping your distance from other tables.

We encourage contactless payment, where possible.

Thank you for your support and patience during this time. Our team can't wait to welcome you. Rest assured, you'll still receive the same fantastic food, big smiles and warm Italian hospitality as before, just in a more considered and distanced way!
